

CAPACITY (empty, full and half-full)

This water cup is empty. It has no water in it.

This water cup is full of water.

This water cup is half-full of water.

Write if the water cup is empty, full or half-full

.....

.....

.....

- 1) Which water cup has the most water in it?
- 2) Which water cup has the least water in it?
- 3) Which water cup is in the middle?

**Get an empty water cup.
Fill it with water until it is half-full.
Then fill it to the top.**

CAPACITY (Empty, full and half-full)

Answers

full

empty

half-full
