The Hare and the Tortoise

The hare and the tortoise had a race in the park. The hare was **quicker** than the tortoise because he could run fast. He didn't have a shell on his back and he had long legs.

The tortoise was **slower** than the hare because she had a shell on her back and her legs were not very long.

The hare got to the middle of the park **before** the tortoise, so he had a nap. The tortoise got to the middle of the park **after** the hare but she didn't have a nap. She went past the hare.

The tortoise got to the end of the park **earlier** than the hare. When the hare woke up, he ran to the end of the park but he got there **later** than the tortoise.

The tortoise won the race and came **first**. The hare came **second**.
